Tests carried out

Type Testing carried out according to **Type Approval documentation.**

Marking of product

Product shall be marked with *manufacturer's name*; **Georg Fischer Rohrleitungssysteme AG, Schaffhausen, Switzerland** and *type designation*.

Certificate Retention/Renewal Survey

Surveys to be carried out at both *Georg Fischer Rohrleitungssysteme AG* and *Sternplastic Fertigungs GmbH*.

The scope of the Retention/Renewal Survey is to verify that the conditions stipulated for the Type Approval is complied with and that no alterations are made to the product design or choice of materials.

Survey to be performed after two (2) years (Certificate Retention Survey) and at renewal after four (4) years (Certificate Renewal Survey).

The main elements of the survey are:

- Ensure that **Type Approval documentation** is available.
- Review design, materials, production process, and performance with respect to possible changes, in order to ensure compliance with **Type Approval documentation** and/or referenced material specifications.
- Ensure traceability between manufacturer's product marking and the DNV Type Approval Certificate.
